As a mother of three children, I understand that you, as parents are looking, not just for child care, but for something extra special... a place where their children will be happy, nurtured and cared for from the moment they arrive.

At Dizzy Ducks, we provide opportunities for children to develop in a way that will have a direct impact on their future. Our OFSTED reports demonstrate that we continue to provide our children with a safe, secure and educationally rich environment in which they thrive and grow.

The team at Dizzy Ducks believe that each child who enrolls with us is an individual with their own unique needs and routines. We work very closely with parents to make sure that the whole family feels at home in the nursery – from the very first settling in session right through to the progression on to school.

We have an “Open Door” policy so please feel free to come and look around at any time. The very best judgment can only be made if you come along and see Dizzy Ducks for yourself.

I'm confident you'll be happy with what you find and I look forward to welcoming your family to one of our nurseries soon.
